

Agustín Conde

Experience

12/07/2020-1/05/2021

• Moderator • Technical Support • AddictionLife (video game company)

In this role I was in charge of helping players with the problems they might have with the software used to enter the video game, the task was performed by a team of 20 associates, among which my work has been highlighted multiple times, assisting users both in calls and tickets.
